On Tuesday 10/16/2018, I was working the 1445-2245 hours shift. I was the assigned shift supervisor and on uniformed duty in fully marked cruiser #38 in the north sector. Also working the shift was Ptlm. SCOTT and Officer Trainee NICOLO in marked cruiser # 37 in the south sector.

At approx. 1654 hours I was dispatched to Central Ave Comfort Care for a reported larceny. When I arrived I spoke with the owner who advised that they had a client that came in and while walking in dropped an envelope containing money. He went on that they checked their video system and saw the client drop the envelope and then a short time later another client walk up pick it up look into it and then enter the facility. That second client did his business and left the facility. I was allowed to view the video which showed the above actions.

I was given the info on the second client as follows: JOHNOTHAN A. MCKEAN, [REDACTED] and his phone number. The owner asked if he could call MCKEAN and ask him to he call him back. I told him that would be fine. He left a voice mail message for MCKEAN.

I next spoke with the victim, [REDACTED]. [REDACTED] explained he had taken the money out of the bank today and it was \$3000.00 in cash. He told me he didn't realize he had dropped it until he had been inside for a few minutes and then realized it was missing. I advised William that the Comfort Care had called the other party (MCKEAN) and left a message or him to contact them. I also told him I would attempt to contact the person and if need be have the police in his town of residence go by his house. [REDACTED] stated that his daughter was in the car, did not see him drop the envelope but did see the man bend over and then stand up. I spoke briefly with her and got her info in case it was needed. I cleared the location.

I returned to the station and had dispatch run the RMV info on [REDACTED], his daughter and MCKEAN. I also requested a BOP on MCKEAN. [REDACTED] Not hearing anything back from Comfort Care I called the Leominster Police at approx. 1745 hours, and spoke to the OIC. I requested they send an officer to MCKEAN's residence at 23 Pleasant St. Leominster MA. and make contact with him to request he call me. I was advised they would.

At approx. 1858 hours, I got a call from MCKEAN. He told me he was at school but his wife had called him saying the police were at their house and he needed to call me. He brought up the envelope. He said he found it looked into it and saw it had money. He wasn't sure what to do and needed to get to school so he took it with him and was going to go to Leominster Police with it in the morning. MCKEAN said he would speak with his professor and come to our station now. I advised him to go back to class and come see me when he got out. I phoned W. [REDACTED] and told him what I had found out. He advised he would be willing to come to the station tonight to get his money if MCKEAN came here.

At approx. 2106 hours, Johnathan MCKEAN arrived at the station. Ptlm Scott, Nicolo and I met with him in the interview room off of the public lobby. He handed me a Lowell % bank envelope which contained a bank withdrawal receipt and \$ 3000.00 in cash. He said it was the envelope he had picked up at Comfort Care earlier today. Both SCOTT and I counted the money in front of both MCKEAN and NICOLO. We both verified \$3000.00 in one hundred dollar bills. It was spread out and photographed and then placed back in the envelope. I entered the money into the property system, Property # 1801-248-PR. I secured the money in my desk as [REDACTED] was on his way to pick it up.

At approx. 2200 hours [REDACTED] arrived at the station. I requested dispatch call SCOTT and NICOLO in. When they arrived we went to lobby and met with KELLIHER. SCOTT and I again counted the money. [REDACTED] then counted it and took possession of it. I requested he sign a property inventory tracking form. [REDACTED] did as requested and SCOTT and I also signed and dated it. [REDACTED] thanked us for our efforts and left the station. END REPORT NO FURTHER ACTION.
